"DIAPER DISPOSABLE"

PAT. NO.	Title
1 6,217,563	<u>T Three-dimensional, inward leg gather disposable garment</u>
2 6,200,299	<u>Disposable diaper having stress relaxing structures and fasteners positioned for</u> <u>T improved fit</u>
3 6,180,724	<u>T Process for manufacturing an absorbing agent and absorbent material</u>
④ 6,168,583	<u>T Body waste disposable article having an opening formed by a surrounding wall</u>
5 6,168,022	<u>T Baby supplies carrying case</u>
6 6,132,410	<u>Disposable garment having dryness barriers with expandable attachment to an</u> <u>T absorbent</u>
7 6,120,632	<u>T Method of making a diaper utilizing a uniform width leg cuff material</u>
8 6,102,892	<u>T Diaper with pleats for containment of liquid and solid waste</u>
9 6,063,067	<u>T Disposable diaper and method of folding and fastening the same as waste</u>
10 6,054,541	<u>T Process of manufacturing precursor of an absorbing agent</u>
11 6,049,024	<u>Composite fabric for coverstock having separate liquid pervious and impervious</u> <u>T regions</u>
12 6,010,490	<u>T Absorbent article having an upstanding transverse partition</u>
13 6,007,527	<u>Disposable diaper with a mechanical fastener and an adhesive tab for disposing of</u> <u>T the diaper</u>
14 5,993,433	<u>Absorbent article with enhanced elastic design for improved aesthetics and</u> <u>T containment</u>
15 5,984,911	<u>T Absorbent article having an improved fastening system</u>

- 16 5,968,855 Nonwoven fabrics having liquid transport properties and processes for manufacturing the same
- 17 5,947,947 T Absorbent article with body contacting liquid control member
- 18 5,944,705 T Absorbent articles with improved rash-preventing properties
- 19 5,938,649 T Absorbent articles with improved rash-preventing properties
- 20 5,906,008 T Disposable diaper
- 21 5,904,793 T Method and equipment for rapid manufacture of loop material
- 22 5,904,675 T Absorbent article with improved elastic margins and containment system
- 23 5,885,263 Superabsorbent composition intended for the production of sanitary articles of the underwear, diaper or disposable diaper type which do not develop unpleasant smells
- 24 5,853,403 T Absorbent article with body contacting liquid control member
- 25 5,849,000 T Absorbent structure having improved liquid permeability
- 26 5,845,375 T Mushroom-type hook strip for a mechanical fastener
- 27 5,827,259 T Absorbent article with waist elastic and containment system
- 28 5,799,909 T Containment system for receiving and disposing of disposable sanitary products
- 29 5,782,819 T Article with stay-in-place feature
- 30 5,776,122 T Absorbent article providing improved fecal containment
- 31 5,772,649 T Panel attachment for absorbent undergarments
- 32 5,760,080 Absorbing agent, process of manufacturing same, and absorbent product containing same
- (33) D393,713 T Diaper with disposal bag
- 34 5,709,796 T Process for digesting cellulose containing solid wastes
- 35 5,690,624 T Disposable diaper
- 36 5,679,302 T Method for making a mushroom-type hook strip for a mechanical fastener
- 37 5,676,661 T Absorbent article providing improved fecal containment
- 38 D384,150 T Combined disposable and reusable diaper with disposable liner for toddler
- 39 5,653,703 T Absorbent article having angular upstanding transverse partition
- 40 5,649,919 T Absorbent article having dual asymmetric leg elastics
- 41 5,643,397 T Equipment for forming a sheet of loop material
- 42 5,624,429 T Mechanical fastening system with grip tab
- 43 5,624,422 T Absorbent article having an extendible split core
- 44 5,616,394 Sheet of loop material, and garments having such loop material incorporated therein
- 45 5,611,791 Sheet of loop material, and garments having such loop material incorporated therein
- 46 5,586,979 T Disposable absorbent article core integrity support
- 47 5,571,097 T Adhesive tape tab closure system
- 48 5,562,645 T Article with soft absorbent pulp sheet
- 49 5,555,847 T Dog diaper
